BIOTEC Line Eraser

Wrinkles are targeted with firming and toning microcurrent pulses to stimulate the skin cells toward dynamic functionality. Circulation is improved, increasing the production of collagen and elastin as the dermis is flooded with super Hyaluronic hydrating activators, sealed with a re-energizing Amber balm. Red and blue light therapy warms and de-stresses the skin while a blast of oxygen delivers a breath of fresh air, effectively ironing out wrinkles and filling in lines. A powerfully rejuvenating facial treatment.

A MINDFUL JOURNEY

Simple luxuries to enhance the spa experience.

Time is the Ultimate Luxury

There is nothing like time for self. Embrace a moment in solitude or share the relaxation. Arrive early to experience the wonders of The Spa and discover serenity — a place to escape for an hour or a few.

Immerse Yourself in Wellness

The Persian Garden is your gateway to relaxation. Begin the spa journey by purchasing a pass. (Bathing suit required; robe and towels are provided.)

Wash All Cares Away

Prepare to receive all the benefits from the selected treatment. Prime the skin and body with a cleanse prior to the service and wash away all impurities — salts, minerals and oils — that could possibly be massaged into the skin. After a shower, wait in the Relaxation Lounge to be whisked away for the ultimate indulgence.

A Soothing Elixir for the Soul

Rich in antioxidants, tea is a mood enhancer. Depending on the selection, tea can calm the mind and body prior to a treatment, boost endurance, and improve health while safeguarding the immune system. In addition to tea, drink plenty of water to hydrate and replenish the body.

Connect with the Therapist

Healing hands are intuitive, but a conversation with your therapist will help guide and address areas of concern. During the treatment, let the therapist know if there is any discomfort or if the environment — temperature, lighting or sound — requires adjusting. A consultation prior to the service will provide the therapist with important details to make the experience more enjoyable.

Indulge in the Moment

An anticipated period of silence. Close the eyes. Inhale a deep breath. Exhale the breath. Allow the mind to drift away. Enjoy the quiet. Every bit of tension will disappear.

Linger in the Lounge

Extend your spa stay by resting in the Relaxation Lounge after the treatment. The quietude will lull mind and body into a deeper state of relaxation.

Continue the Journey

After your spa experience, browse through our spa products — many of which are featured in the treatments. The therapist will provide recommendations to purchase and continue the journey at home.

Inquire about our special offers at spa reception.

BODY OF WATER

The sea and the body have many similarities. Both are bodies of water. A vital source for replenishing the body, the element of water cleanses while earth nourishes and air enlivens.

A woman with her eyes closed is lying on a massage table, receiving a massage. Her hands are being held by a therapist's hands. The background is dark, and the lighting is soft, highlighting the woman's face and the therapist's hands. The overall mood is relaxing and serene.

SPECIALTY TREATMENT EXPERIENCES

The elements of Sea, Earth and Air are combined with unparalleled expertise in massage and conditioning to relax, restore and rebalance the mind and body.

A potent blend for deeply eased muscles and healthy, revitalized skin.

SEA

Aroma Spa Seaweed Massage

The power of aromatherapy is combined with the riches of the ocean in this deeply warming treatment. A heated mask containing a blend of essential oils is applied to the body before being cocooned in a wrap. The natural ingredients will detoxify, decongest and stimulate the body's systems. Includes either a 25-minute back massage or 50-minute full-body massage.

100 min / 75 min

EARTH

Hot Mineral Body Boost

Harnessing the groundbreaking restorative power of the pioneering Amber and Quartz Crystal bed, this powerful treatment stimulates every cell in the body, helping alleviate muscular pain and remove toxins. The heated minerals are a catalyst to warm and deeply relax the body, perfectly prepping for the nourishing Amber balm while the mind is whisked off to invigorating shores with the aromatic Ocean Spa. Completed by a restorative facial massage, this is a revolutionary, minerally charged experience of skin conditioning, metabolic balancing, and energizing wellness.

75 min

Poultice-Powered Muscle Release

Sore, aching muscles are worked away with this invigorating and deeply releasing treatment. Using a uniquely designed Amber and Quartz poultice, and combining the power of Eucalyptus and Juniper, each area of tension is specifically targeted with vibrational energy to re-mineralize. Painful knots are eased. Tension is dissolved. Completed by a restorative facial massage, the Amber and Quartz in the poultice talks to the Amber in the bed; a powerful mineral connectivity that invigorates the body and elasticizes the skin.

75 min

AIR

Zero Gravity Wellness Massage

High tech meets high touch in this next generation wellness treatment. Producing a zero gravity effect, the body is suspended on an advanced treatment table that allows for ergonomic workflows and a seamless series of sophisticated techniques used in this choreographed massage. Comforting heat therapy uses targeted salt stone massage to relax and soothe muscle tension for a dynamic pain relief treatment.

100 min

Coconut Poultice Massage

Perfectly warmed pure coconut compresses massage the body, releasing natural emollients — rich in Vitamins E and K — to nourish and moisturize the skin followed by a traditional hands-on massage to relax and de-stress the muscles.

100 / 75 / 50 min

Thai Herbal Poultice Massage

This massage utilizes scented and heated herbal poultices applied to the body at pressure points to relax the muscles and release tension. The therapist then follows with an array of eastern and western massage techniques and acupressure movements combined with essential oils that will take the body on an exotic journey of total renewal.

100 / 75 min

Restorative Salt Stone Massage

Capturing the essence of sea, earth and air, this deeply restorative massage will leave you feeling energized, recharged and ready for the demands of modern life. Himalayan salt resonates with the Earth's frequency to improve mental alertness and overall wellbeing. Warm salt stones are bathed in personally selected aromatics to contour the body and diffuse negative energy, reduce stress, and alleviate muscle tension, completed by a re-energizing face and scalp massage for a truly uplifting experience.

75 min

Earth Grounding Massage

Reconnect the body with nature. This enhanced treatment combines the therapeutic benefits of touch with a specialized grounding technology that harnesses the age-old power of the Earth. Modern science has enabled the adaptation of negative electrons transferred from the Earth's surface into the body via energy channels embedded in the treatment table to alleviate pain and inflammation, reduce stress levels, improve circulation, and aid in restful sleep. Emerge relaxed and recharged from this balancing, earthing experience.

100 / 75 / 50 min

Aroma Stone Therapy

Nothing gets into the belly of the muscle like a hot stone. Bathed in moisturizing body oil, a curated range of Balinese stones are selected to address exactly what the body needs. The stones are worked over the body deep into the muscles, getting into areas of tension at a profound level and persuading the muscles to release trapped energy. The result is a sparkling vitality with the added bonus of intensely hydrated skin.

100 / 75 / 50 min

Bamboo Massage

Imagine warm bamboo shoots and essential oils massaging the muscles into pure bliss. This gorgeously indulgent therapy will revive the senses in a new and innovative way, inspiring the most relaxed state. The therapist will use deep tissue techniques or gentle strokes to melt away the tension and soothe the muscles into sweet oblivion.

100 / 75 / 50 min

Deep Tissue Muscle Massage

This is a vigorous workout for the body, perfect for alleviating high-stress levels. Tailored entirely to the body's needs, it leaves a grounding and focused feeling. An aromatic oil will be selected according to concerns, be they muscle pain, stress relief, pure relaxation, or emotional balance. Skin is prepped to release toxins, and the flowing massage works deeper and deeper into the tension, encouraging optimum circulation. As effective as an hour's stretching, but so much more nurturing.

100 / 75 / 50 min

Swedish Massage

This classical European technique of manipulating muscles with aromatic massage oils is both relaxing and invigorating. While providing tonic for the soul, this massage can help improve the function of the circulatory, lymphatic, muscular and nervous systems.

100 / 75 / 50 min

Reflexology

Guided by an Asian philosophy that suggests the vital organs of the body are connected to reflex points in the feet via constantly flowing energy channels, this ancient healing therapy is as blissful as it is beneficial. Massaging these points can help restore your natural energy flow and improve health by sending waves of relaxation throughout the body.
